HOBBIES

I am a practical person and like doing things with my hands, and mostly codes all the time while helping other folks in local communities.

If I do stuck on codes, I will travel and just going out fishing or simply travels alone without any electronics and consider my life choices XD.

LANGUAGES

English

Indonesian

Javanese

SUMMARY

Passionate and experienced **mobile developer** with several years of experience in **hybrid development**, **B2B software**, and **community-related** works.

I deliver **beautiful** and **functional** applications, a passion for aiding in the success of productions as a **competent** and **effective** developer.

I had metrics that the application I develop must have a solid software **architecture**, great **user experience**, well **code style**, and completely **documented**.

Dedicated to building and fostering **positive** relationships with the team, manager, and **leader**.

Currently, I **work remotely** for two-ish years/pre-covid. Though I missed the office culture and don't mind being placed around Bandung or Malang.
